VISION

A community where every child receives a high-quality education from cradle to career, every adult has the opportunity to thrive financially and in the workplace and every older person can retire and age with dignity and independence.

Q. HOW DOES UNITED WAY TURN $1 INTO A $5 IMPACT?

Every $1 goes further because of the collective approach and strategic networks United Way has in place. Investments are amplified locally by collaborating with non-profit partners, utilizing volunteers and by applying for federal and national grants that bring new dollars into southern Arizona to help build a thriving community.

Q. WHAT DOES COMMUNITY IMPACT MEAN?

Community Impact occurs when organizations from different sectors agree to unite together to solve complex problems using a structured form of collaboration. United Way provides the space and structure to support these efforts and dedicated staff to guide the vision and strategic development to work towards large-scale social change. United Way’s efforts help to align activities and establish shared measurement practices to build best practices, leading to the most community-aligned and robust programs and services.

Q. HOW AND WHERE WILL MY INVESTMENT BE USED?

Investments made to the Community Impact Fund directly support local work to improve education, financial wellness and healthy communities. Funds go to direct services such as the VITA program, partner organization allocations, collaborative partnerships like Cradle to Career and programing efforts such as the ELDER Alliance. Needs are identified through engagement with our community coalitions and funding decisions and accountability are guided by a board-approved strategic plan. Every funded initiative provides quantifiable results and are held to a comprehensive list of standards.
