**EDUCATION**

We support...
- Increased funding for, and equitable access to high-quality early childhood programs, early care and education (birth to 8 years), and public pre-K to 12th grade education.
- Increasing the diversity of resources to fund early care and education (e.g., using the federal Child Care Development Block Grant to increase access and quality to childcare by increasing child care subsidy rates).
- Using proven programs to re-engage students who have dropped out of high school to increase graduation rates and improve college and career-readiness.
- Increased funding and access to career and technical education programs, such as high-need programs for the early childhood workforce and direct caregiving workforce.
- Increased funding and access to Arizona’s community colleges and public universities.
- Increased resources to address disparities in access to internet and broadband/digital technology.
- Efforts to support and retain the educational workforce.
- Education of stakeholders about issues affecting our communities in the areas of education (e.g., challenges with access, equity, inclusion, the digital divide), financial wellness, and health.

**FINANCIAL WELLNESS**

We support...
- Preserving and strengthening programs that promote financial wellness (e.g., Earned Income Tax Credit, Child Care Tax Credit, Temporary Assistance for Needy Families).
- Policies and programs that support financial literacy and wellness.
- Initiatives to support the workforce including training and professional development for all, and particularly for those disproportionately affected by employment stress and disruption and loss related to COVID-19 (e.g., child care providers, teachers, healthcare, and essential workers).
- Efforts to eliminate predatory lending practices.
- Policies and programs that promote access to safe, stable, and affordable housing.
- Educational efforts about historical inequities in financial, housing, banking systems and how they continue to impact vulnerable populations and their progress toward financial wellness today.

**HEALTHY COMMUNITIES**

We support...
- Policies and programs to improve education about, and access to, mental health services.
- Adequate funding and access to comprehensive health insurance (including dental and mental health) (e.g., Kids Care, AH-CCCS/Medicaid, and Medicare) and healthcare (including access to telehealth) for all ages.
- Policies and programs that promote access to healthy food across the lifespan (e.g., Supplemental Nutrition Assistance Program).
- Access to high quality home and community-based services.
- Policies to improve end-of-life issue education and care for all ages.
- Policies and programs that address the unique infrastructure access, needs, and contributions of rural communities.

**THRIVING NON-PROFIT SECTOR**

We support...
- The preservation and expansion of charitable giving incentives and charitable tax credits to support a thriving non-profit community.
- Partnerships across all sectors, including with other non-profit organizations.
- Policies and programs that support the non-profit workforce.

- Christina Cutshaw, Director, Health and Public Policy, United Way of Tucson and Southern Arizona (Committee Staff)
United Way of Tucson and Southern Arizona (UWTSA) envisions a community where every child receives a high-quality education from cradle to career, every adult has the opportunity to thrive financially and at work, and every older person can retire and age with dignity. We work for this vision by bringing partners from every sector - business, non-profit, government, health, education, and social services - together, to tackle problems in our community and work for change. Public policy at local, state, and national levels has an important role to play in making change in our community. We work with our partners, including United Way affiliates in Arizona and United Way Worldwide to educate and advocate for effective policy.

**HOW YOU CAN HELP**

**GIVE - ADVOCATE - VOLUNTEER**

- Educate yourself about the needs and issues in your community.
- Tell your elected officials and candidates about critical needs in your community.
- Share your stories and issues with us.

**HOW WE CAN HELP**

- Provide information about education, financial wellness, and health issues to stakeholders.
- Support efforts to partner across sectors to work together for change.

**ABOUT US**

Many factors affect our community’s ability to thrive, including conditions where people are born, live, learn, work, play, worship, and age. United Way of Tucson and Southern Arizona’s 2022 Public Policy Agenda reflects our priorities in addressing these factors, and in particular: education, financial wellness, and health, and our acknowledgement of the interaction between them. We aim to:

**EDUCATION**

Improve educational and life outcomes for children, youth, and young adults by advancing equity and excellence in education.

**FINANCIAL WELLNESS**

Improve the equity of employment and financial wellness outcomes of adults and families for life-long well-being.

**HEALTHY COMMUNITIES**

Provide equitable access through education and resources to improve the quality of living and dying for older people and their families.
