

ACCELERATE QUALITY

We work with eligible preschools, childcare centers, and family childcare homes in Pima county to increase the number of spaces for preschool-aged children in high quality early care and learning environments. We do this in one of these ways:

- Assisting programs in preparing for a 3-star or higher Quality First rating
- Supporting programs in becoming accredited
- Providing financial assistance for expanding programs that are accredited, or quality rated.

**United Way of Tucson
and Southern Arizona**

Benefits for:

CHILDREN - readiness for kindergarten and beyond!

FAMILIES – access to high quality programs and potential financial assistance.

EARLY CHILDHOOD PROGRAMS – eligible for higher DES reimbursement rates and county scholarships, mentoring, and support to continue to improve the quality of care for children.
