My Summer Library gives participating children the opportunity to select 12 free books to keep for their home library and read over the summer. Research has shown that access to books in the home can foster love of literacy and the early skills needed to become fluent readers later in the elementary years, especially for under-resourced families. By making books available to keep in the home, developing literacy skills can continue through the summer break. And for many children, these will be the first books they own.

WHY WE CARE?

School classrooms are selected based on student demographics and the program is focused on areas with high need. Last year, we served 2,542 children in 130 classrooms throughout Pima County – sending home a total of 30,504 books.

VOLUNTEERS:

An additional benefit of My Summer Library is that it engages community volunteers to help with the book fairs, allowing employees from local businesses to learn about the importance of early literacy and see first-hand how excited children can be about reading.

COST:

One classroom of 30 children will cost $2,000 to supply students with 12 books and a tote bag.

BENEFITS TO YOUR COMPANY:

• Special recognition in United Way e-newsletters
• Logo on tote bag
• Choose a classroom from our list of participating schools
• Ability to impact young children in a positive way
• Amazing volunteer opportunities
