WHO WE ARE

WOMEN UNITED is a global movement of 75,000 diverse women leaders. Founded and led by women, we've raised over \$1.5 billion for local communities since 2012.

WHAT WE DO

Women United combines the financial power and collective talents of local philanthropic women leaders to address early childhood education in our community. Our signature event, the Business Breakfast, raises more than \$120,000 for early childhood education in Southern Arizona and hosts over 500 attendees annually.

WHY WE DO THIS

Women United understands the vital role early childhood education plays in fostering economic and workplace development. With 39% of Pima County children not reading at grade level by 3rd grade*, early investment is more important than ever.

The My Summer Library program, supported by 100+ dedicated volunteers, provides over 30,000 books to more than 2,500 children in Southern Arizona.

*Data from the 2023 Arizona Department of Education and 2022 AZM2 Assessment Results.
